# Play Saudi

## *Our Philosophy:*

*Our Philosophy comes from our brand. The spiral hand represents a sign from the Maya Ancient civilization and is called the healing hand. We heal societies and communities through building the right playgrounds and kids recreation parks. Our kids are our future. We take their hands through the journey of growing with our playgrounds and activities to become the leaders of tomorrow and the builders of our nation's future. Bigger hand and smaller hand represent a father & a son, a bigger brother and younger brother, a teacher & a student. We all play together. Play will always shape us. And for a better tomorrow, We play today*
